PEPPERL+FUCHS

Technical Data

Material		Metal sheet (steel), zinc-plated aluminum
Mass		approx. 75 g
Tightening torque, fastening screws		1.4 Nm
Mounting		Mounting accessories included
Suitable series		
Series		ML100 , ML7 , ML8

Function

The all-in-one mounting bracket enables the sensor to be mounted onto a 10 mm ... 14 mm round rod as well as onto 1 mm ... 5 mm flat profiles at the same time.

The functional clamping profile of the bracket eliminates the need for multiple brackets.

The two separate mounting screws of the clamping profile allow for the sensor to be mounted and aligned in two distinct steps, one after the other.
