

Accessories

Spring Arm for Encoders

For Solid Shaft Encoders

RA-SAB-15-36

Type	RA-SAB-15-36
ID	100038251
Ambient temperature	-30...+60 °C

- For encoders with a measuring wheel
- For encoders with a 58-mm flange
- Adjustable contact pressure and contact pressure direction
- Recommended contact pressure 15 N
- Maximum contact pressure 30 N
- Material: Aluminum
- Weight: 380 g
